If you find visualizing your Divine Child challenging and want to make sure that you are well connected to your own Heart Center, then please take a few moments and look at the photo below. Try to feel the unconditional love pouring forth from this little canine Angel and imagine that you are petting the puppy. Within a few moments the pup will transform into the Child that lives within you. She or he will be sitting next to you, ready to help.

**Time to fill up with the HEART POWER of the Central Sun/the Creator/ Mother
Father God- the Parents WHO CARE/ SOURCE.**

**Please see yourself and the Divine Child who lives within stepping into the image
below and RECEIVE.**
